I have split the fleet into two groups based on water line length. Some boats are faster than others and some will be crewed better than others. I suggest each fleet handicap by letting slower boats start a few minutes before the others depending on perceived wind conditions and crew.

Please keep in mind that this is a **“Fun Race”** in a fun race the intent is to have fun.

General racing rules will apply.

Rule One: Safety.

Rule Two: Fair Sailing.

Rule Three: Right of Way (Port Starboard)

We will have a meeting on this the morning before the race.
